Certificate of Inspection of Nursery Stock.

**STATE OF NEW JERSEY,
STATE BOARD OF AGRICULTURE,**

Office of the State Entomologist,
JOHN B. SMITH, Sc. D.

This is to certify that I did, on the 14th day of September, 1900, examine the Shade and Ornamental Nursery Stock offered for sale and listed in the Auction Sale Catalogue of Chas. B. Hornor & Son, Mount Holly, Burlington County, New Jersey, for September 26, 1900, and found the same apparently free from San Jose Scale and other dangerously injurious insect pests, also that the stock examined was in an apparently healthy condition.

Dated, New Brunswick, Sept. 15, 1900.

JOHN B. SMITH,
State Entomologist.
